

SPaG Starters **Practice or Practise**

The word **practise** is a **verb** – it describes the action of practising.

The word **practice** is a **noun** – it describes a thing.

e.g.

*On Saturday morning, she gets up early to go to football **practice**.*

Here *practice* is a **noun** because it is part of the name *football practice*.

*He had a music exam on Monday, so over the weekend he was going to **practise** his guitar.*

Here *practise* is a **verb** because he will be carrying out the action of practising his guitar.

Insert practise or practice into the following sentences:

1. I think you need _____ to more before you make the team.
2. It's good _____ to visit other venues before making a decision.
3. Are you coming to footie _____?
4. The doctors' _____ was full so he had to go elsewhere.
5. She didn't want to _____ her piano scales.

Now write two sentences of your own, each using a different version of **practice/practise**.
