## SPaG Starters Simple Sentences

A simple sentence has a subject (a noun or pronoun) and a verb (an action or state). It makes sense on its own. It can also include extra information, such as adjectives or adverbs.

## e.g.

The man laughed. = simple sentence.
The old man laughed loudly. = simple sentence.

Choose from the lists of nouns and verbs below to make five of your own simple sentences. You can add in extra detail, such as
 pronouns, adjectives or adverbs, if you like!
